

E.E. Muir & Sons

PACKAGING PRODUCT GUIDE

E.E. Muir & Sons

WITH A PRESTIGIOUS HISTORY THAT EXTENDS MORE THAN 80 YEARS AND 4 GENERATIONS.

When Edward Eric Muir established his business in 1927, at the Victoria Market in Melbourne, he began a family enterprise that has now grown to cover all of mainland Australia, through its many retail outlets.

After Eric Muir's retirement, his son Max continued to develop and expand the business and was joined by his two sons, Ric and Ian, in 1969 and 1975 respectively.

Under their combined direction and leadership, this family owned company has grown to be a major supplier of farm services and inputs.

E.E. Muir's great grandsons, Andrew, Stuart, James and Cameron now take active roles in the company, having completed their tertiary qualifications.

The Muir family are committed to continue the excellent tradition established in the past, and are proud to offer the services of a 4th generation Australian company to its expanding customer base.

The services we offer are:

- an unparalleled product range in the horticultural industry;
- commercial agronomist that give accurate on farm advice;
- trained agricultural graduates in all fields;
- fertiliser recommendations for side dressing as well as fertigation or foliar;
- crop rotation information as well as bio-fumigation and green manure advice;
- accurate advice on pesticide registrations, withholding periods etc;
- variety selection and update on new seed varieties and trials.
- development of IPM strategies;
- weed control and herbicide selection;
- identification of pest problems;
- packaging solutions;
- post harvest technology advice; and
- insecticide, fungicide and herbicide resistance strategies.
